Dear Selection Committee:

My name is Chris Clover. I have been a member of the Busy Bees 4-H club for the past eight years. I live in Portage, WI and am a senior in high school this year. Next fall, I will be attending UW-LaCrosse, majoring in biomedical engineering. I hope to get a job in a hospital working with medical equipment.

In my years in 4-H, I have learned responsibility, the importance of helping others, and leadership skills. As a camp counselor at Upham Woods, I was responsible for 10 campers over the three-day camp. This experience helped me learn how to be responsible for others, and how to help shy campers open up to others and have a great time at camp. It was very rewarding to see the kids enjoy their time and make new friends. I hope to continue my volunteer work with children after I graduate from high school.

My work in the electricity and mechanical sciences helped get me interested in STEM, and led me to the career of biomedical engineering. I am looking forward to starting courses at UW-LaCrosse to build upon the knowledge that I learned in these projects during my 4-H career.

Thank you for considering my application. This scholarship will greatly help decrease my out of pocket costs for college. I am looking forward to hearing from you!

Sincerely,

Chris Clover
