

To All Columbia County 4-H Families and FFA Advisors

From: Pat Wagner, 4-H Positive Youth Development Educator, Columbia County

A Note from Pat:

With meeting and program cancellations will come the possibility of teleconference meetings, please watch your email for these opportunities and/or contact me at 608-742-9685 or [pat.wagner@wisc.edu](mailto:pat.wagner@wisc.edu) if a county committee might want to set up a teleconference (see Dog Committee and Livestock Committee to meet via Zoom next week). Details are shared below on how to create a Zoom meeting. Anyone can create a FREE zoom account by visiting the [zoom.us](https://zoom.us) website. The great thing about zoom is it allows participants to use their computer video and audio or they can call in and use their telephone (cell phone or land lines are all accepted). If you want to try this opportunity, simple instructions are shared in the “technology” article below and/or give me a call at my office number and I’ll be glad to help. My office number is being forwarded to my home number. If I miss your call, I’ll return a call to you at my earliest convenience.

The Columbia County Master Gardeners hosted a “4-H Planter Night” educational session for 4-H members and volunteer leaders last night and all were able to participate quite effectively. Why not give Zoom a try for your next 4-H club meeting or 4-H project meeting?

Many questions about fairs are out there. The Wisconsin Association of Fairs as well as the Columbia County Fair, the Lodi Agriculture Fair, and the Wisconsin State Fair are all holding conversations about the best way to proceed. Currently, all are moving forward with plans for 2020 fairs; however, all could change at any time. Fair entries are now open so check out online entries for 2020 as fair premium lists are not available at the Columbia County Extension office. I will share out any information I receive related to fairs when and if it becomes available. Thank You!

For now, enjoy Spring and Stay Healthy!

Here is your weekly update of 4-H happenings both county-wide and state-wide. In order of appearance:

## Cloverbud Day — Rescheduled to August 10<sup>th</sup> @ MacKenzie Center

### Interested In Sharing Your 4-H Project Expertise With Others – Let's Get You Teaching

Youth and adults interested in sharing what they know about a particular 4-H project, please contact Pat Wagner and she'll help you get a virtual 4-H project meeting set up. Contact her at [pat.wagner@wisc.edu](mailto:pat.wagner@wisc.edu) or call at 608-742-9685.

### Heart of the Farm – Women in Agriculture introduces online 'Coffee Chat' series

University of Wisconsin-Madison Division of Extension's Heart of the Farm-Women in Agriculture program began hosting a new online 'Coffee Chats' series in various locations, times and dates across the state starting May 12th, 2020. This is an Extension program that addresses the needs of farm women by providing education on farm business topics, connecting them with agricultural resources and creating support networks.

Due to COVID-19, the in-person 2020 Heart of the Farm – Women in Ag Conference was not able to be held, so an online version has been developed to connect! After the May 8th kickoff session with keynote speaker Jess Peters from Spruce Row Farm, the Heart of the Farm Program is now offering individual "Coffee Chats" throughout the state at seven different locations, dates and times over the next two months. Starting May 12th, the online meeting lineup will be all "coffee chats" so individuals can choose the day/time/topic that works in their schedule.

#### **• Time Management: Structuring your Day with Purpose -- May 11th – May 16th, 2020**

Time is both valuable and limited: it must be protected, used wisely, and budgeted. People who practice good time management techniques often find that they are more productive, have more energy for things they need to accomplish, feel less stressed and get more things done. This session will help participants understand some of the best practices associated with time management and increase understanding of why and how to use the different strategies to their benefit.

#### **• Communications: Exploring Perspectives to Improve Communication--May 18th – May 23rd and May 27th**

Join us as we dive into the topic of effective communication skills. At this first session, we will explore how to listen for and respond to each other's different perspectives to deepen the understanding of the issues at hand and help guide decision-making.

#### **• Relationships: Nurturing Healthy Relationships Under Times of Stress: Bidding for Connection--May 25th – May 30th, June 10th**

During this session learn what bids for connection are and why they matter in building and maintaining a healthy relationship. Participants will learn how to respond and bid for connections in positive, healthy ways.

#### **• Financial: Finding Financial Well-Being--June 1st – June 6th and June 24th**

People who feel good about their finances have four things in common. We'll explore what those four factors are and ideas to find your own path to financial well-being. Spoiler alert – you don't need money to get started!

**You must register for the individual "Coffee Chat" you are interested in attending.** Registration information can be found on the Heart of the Farm Website: <https://fyi.extension.wisc.edu/heartofthefarm/> or contact Jenny Vanderlin, [jenny.vanderlin@wisc.edu](mailto:jenny.vanderlin@wisc.edu), 608-263-7795. Once registered, you will receive meeting connection information (website link and phone number). Registered participants will only need the meeting website link or phone number to participate in the meeting.

## Columbia County Fair Website Releases Online Fair Books / Premium Lists

Fair premium lists were printed, but distribution is becoming a bit of a challenge due to “Safer At Home” restrictions; therefore, families are encouraged to enter by using the online fair book / premium list which is now available at the Columbia County Fair webpage -- <http://www.columbiacofair.com/> Online entries will open on May 1<sup>st</sup> and close on June 20<sup>th</sup>.

## 4-H VIP Adult Volunteer Leader Training Goes ONLINE—May 14 at 6:30 p.m.

If you missed the registration last week, please contact Pat at [pat.wagner@wisc.edu](mailto:pat.wagner@wisc.edu) to see if she can still get you signed up for this “new” online session. Note: 4-H VIP is one step in the multi-step process individuals must complete in order to become certified 4-H volunteer leaders. This is an awesome opportunity for individuals to complete this step during COVID-19 “safer at home” times.

## UW-Madison Virtual Farm Tours – Recordings Are ONLINE!

If you missed the Virtual Farm Tours in April (described in image below), you can now find their recordings in 2 places. These virtual tours were for kids who are engaged in animals, plants (agronomy) and science STEM. The programs are for viewers of all ages.

1. The website post: <https://fyi.extension.wisc.edu/youthlivestock/2020/04/15/virtualfarmtours/>

## Upham Woods Announces: Earth Stories Exchange

Residential camp programs may be cancelled at Upham Woods, but going outside is still important. Consider this “earth stories exchange” as a way be part of the “outdoors” while practicing social distancing.

The Earth Stories Exchange is Upham's commitment to connecting people to the Earth through the healing power of nature. All you have to do is explore nature, create a story, share it with us, and we will share a story with you in return- like pen pals! We would love to see all sorts of stories, so please share this with your friends and family! Keep an eye on our Facebook page for featured stories (it could be your story). We look forward to exchanging Earth stories with you! Check out the Facebook event for more information!

## Fun, Hands-on Learning at Home resource web page is live!

Dear Parents and Caregivers,

As always, Extension and 4-H want to support youth and families with fun, hands-on learning that helps young people build life skills like critical thinking, problem solving, and decision making. World events are making things more challenging right now. But we don't let that stop us!

Extension educators from around the state created a handy list of easy-to-access activities and curriculum (<https://4h.extension.wisc.edu/home-activities/>). The page is organized by grade level and is chock full of Extension and 4-H resources as well as high quality, fun, learning activities from a range of other sources. As you would expect, we focused as much as possible on experiential learning and fun. Then, to save you time, energy, and unnecessary worry, we:

- Filtered out many activities with hard-to-find supplies and those that needed a lot of adult supervision to be safe.
- Included activities that encouraged some kind of safe social connection and/or involved getting youth out of the chair and moving.
- Included high quality, inclusive, and accessible resources for all ages, including parents, caregivers, and families.

Click the link to see what's there now. Bookmark it to check back for new resources added later.

## 4-H Arts Lab Extended via Zoom teleconference – May 21

Would you like to be involved in conversations about art, community, future careers, and more? 'Art Lab Extended' provides an opportunity for older youth and adults all across Wisconsin to learn about art through monthly video conferences. Here are the upcoming topics:

- **Careers in Art**
  - May 21st, 7:00pm-8:00pm

Join in at this Zoom Meeting link: <https://uwextension.zoom.us/j/320877803>

OR join by phone: +1 646 558 8656 US (Meeting ID: 320 877 803)

## 2020 Youth Plant Science Day

Plan now to participate in the **State 4-H Plant Science Day** event to be held **Tuesday, July 9<sup>th</sup>** at the **Waushara County Fairgrounds in Wautoma** (*this event is currently scheduled to go on as planned*). Youth in grades 3-13 can test their knowledge about plants while learning how to judge and identify a wide variety of plant specimens.

Youth can also compete in photography, speaking, poster and floral arranging contests. For study guide information and to prepare for the contest see the [National Junior Horticultural Association](http://www.njha.org/) website at <http://www.njha.org/> For additional information contact Chuck Prissel at 715-485-8600 or [charles.prissel@wisc.edu](mailto:charles.prissel@wisc.edu).

You can find the registration information and brochure on the website here: <https://fyi.extension.wisc.edu/wi4haganimalscience/plant-soil-science/>

### Cloverbud Day —Rescheduled to August 10<sup>th</sup> @ MacKenzie Center

Plans are underway to host the annual Cloverbud Day on Monday, August 10<sup>th</sup> (as long as social distancing guidelines allow). The MacKenzie Center has changed the date in their calendar and anyone interested in serving in the capacity of youth counselor or adult volunteer should reach out to Pat Wagner at [pat.wagner@wisc.edu](mailto:pat.wagner@wisc.edu) or 608-742-9685. Registration materials will be created in May and shared with youth via the Weekly Update or direct mail to youth grades K-2. This fun day of learning is something we hope to offer for 4-H youth and their friends at summer's end.
